Industrials moved within narrow limits until the final hour, when fairly large buying of steels, coppers and

large buying of steels, coppers and shippings effected a general rally. United States Steel rose almost 3 points from its low, closing a fraction under its maximum at 94%.

Special stocks, notably those owing their activity to pools, were irregular, but ended with rallies, including Pullman, which had registered an extreme loss of over 6 points.

The only feature of the irregular bond market was the further decline in Liberty 4s from 96.80 to the new minimum of 96.42, the 3½s selling at 98.84 to 98.72.
